STOCKS

The following are the closing stock quotations, and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Epstein:

RESCUE PASSES 30 CENTS

The indications this morning were that Rescue-Eula is at last being appreciated for its intrinsic worth and that the profit takers have been satisfied with their margins. At all events, trading fell off and the price advanced, indicative of the gathering of the security into stronger hands, such as would hold for investment. The price for the first time reached and passed the 20 cent mark. Thirty-three thousand shares were sold on the morning call, the prices being 30 and 31 cents. Cash Boy showed further advancement, 13,000 shares selling at 9 cents. Goldfields were dull and weak. Outmans active and strong.

In the afternoon 10,500 shares of Rescue were sold, the closing quotation being the firmest of the day. Cash Boy sold 18,000 at 8 cents.

NEVADA IS TODAY
A LAND OF PROMISEJOHN C. MARTIN TELLS WHAT
ELKO COUNTY HAS IN
STORE

John C. Martin, publicity expert of the S. P. Land department, spent the forenoon in Elko. He has just returned from a trip to Metropolis and Tobar, and is very enthusiastic over the promising outlook of these districts, says the Independent.

"Metropolis is in the money," remarked Mr. Martin to the Independent. "After six years of adversity, bickering, recrimination and litigation the settlers have won their way to prosperity. These men have been unremittent in labor, striving day and night to offset the reverses of ill advised leaders until you can ride for a distance of 30 miles through a continuous wheat field.

"You may have read the Great Salt Lake cut-off primer about the 'Railroad that went to Sea,' but it has nothing over sleigh riding all day through wheat fields. Down at Metropolis last week I rode the greater part of the day in a sled with the sun shining so brightly that shirt sleeves were comfortable and an over coat a burden. The crisp white roadway was bordered by what resembled emerald lawns sown on snow fields. The wheat had stood out beautifully through a four inch blanket of snow and the fervid sun was coaxing the cereal out of its cool cradle. Late frosts cannot hurt their growth and the owners are reaping on from 20 to 30 bushels to the acre. The men who bought out the rights and property of the old company at tea costs on the dollar arrived at Metropolis yesterday to renew contacts with the farmers whose troubles are at an end.

"Coming nearer home," continued the enthusiastic speaker, "two carloads of settlers from Minnesota arrived at Tobar yesterday as the advance guard of a large colony. They will begin breaking ground this week on the first unit of a 1500 acre wheat farm. If Minnesota men know anything at all it is about wheat growing. The parent company has acquired about 35 sections of railroad land and today will start drilling the first of four test wells to prospect for an artesian flow. A huge four plow tractor is on the ground and the question of breaking a couple of thousand acres will be child's play since the work will proceed day and night without a moment's cessation. Irrigation by pumping and dry farming furnish the theme for the slogan, 'Make Money by Farming in Nevada.'

"We are ealing with facts as an incontestible form of literature and my compilation up to date in this county alone shows over 10,000 acres of new land placed under cultivation this spring. Nevada in 1916 will pass the 2,000,000 bushel mark in the production of wheat and there will be no trouble in reaching the 10,000,000 mark in the next five years."

TEN FIRE HYDRANTS
WILL BE INSTALLED

TWENTY MORE MAY BE ORDERED
SOON IN CONNECTION WITH
HIGH PRESSURE

Tonopah will soon have adequate fire protection. Yesterday ten fire hydrants were ordered by wire and twenty additional have been recommended by the chief of the fire department. They are expected to arrive on the 22nd and will be put in place coincident with the installation of the new high pressure water system.

CASH BOY SENDS A
SHIPMENT TO MILL

WEST END WILL TREAT CON-
SIGNMENT FROM NEW STRIKE
THAT PROMISES WELL

A shipment of ore, aggregating between forty and fifty tons, was made today by Manager Meade of the Cash Boy Consolidated Mining company to the West End mill. It is the first to be sent out from the strike that was made several days ago on the 1480 level of the Cash Boy.

Samples from the vein that were shown on the street today evidence that the Cash Boy is in an extremely enriched formation and the rock shows massiveness. A number of people have visited the property in the past several days.

ADDRESS TO BE HEARD
FROM NOTED SPEAKER

"What's Wrong With the World," will be the subject of the lecture under the auspices of the Tonopah council of the Knights of Columbus at the Airdome on the evening of March 27, at 8 o'clock, by Peter Collins of Massachusetts. Mr. Collins is well qualified to discuss in a broad, comprehensive manner the great problems of our country and to set forth constructive remedies that aid in the progress and advancement of civilization.

This lecture will prove instructive and interesting and all are invited to be present. The proceeds will be devoted by the Knights to providing new and badly needed furnishings for their home.

TWO JURY TRIALS
IN DISTRICT COURT

The case of J. H. Murphy, vs. Paul Weiss, which was tried by a jury before Judge Averill in the district court and which was, by the way the case where a woman sat on a district court jury in Nevada, was submitted at noon today.

This afternoon another jury trial will begin at 2 o'clock. It is the case of Frank Love vs. The Mount Oddie Mining company.

TRAIL BROKEN FOR AUTOS

Belmont, which has been cut off throughout the winter from any form of communication except by means of sleds and skis, will be reachable by autos by next Monday, it is believed. One machine has already gotten into the camp, but it was a hard fight, the last mile consuming four hours. The snow is rapidly passing off and it is expected that the roads will be passable in a few days.

MASONIC NOTICE

A stated communication of Tonopah lodge No. 28, F. & A. M., will be held this Friday evening, March 17, at 8 p. m.

AMUSEMENTS

BUTLER THEATER

Robert Warwick in "The Sins of Society," a powerful and thrilling melodrama filled with sensational and exciting incidents, will be the feature at the Butler this evening. It is a gambling drama and illustrates some of the most exciting incidents of New York life in its most spectacular aspects, including in its many startling happenings the sinking of a troopship by a submarine—something that we are reading about these times in the newspapers. This scene alone will make the picture a noteworthy offering to the motion picture theater going public. Robert Warwick has a fine, manly, heroic part, and that excellent actor, Alex Francis, is also included in the cast. Two little children are shown in the early part of the picture who are suffering from the inheritance of gambling. The children are girls. When they grow up one of them compromises herself with a money lender and a receiver of stolen goods. From the clutches of this culture the hero, Robert Warwick, rescues the unhappy girl, but not until he goes through some very exciting ordeals. The drama is full of exciting situations and incidents and is one of the most thrilling melodramas ever produced upon a screen. The preliminary reel will be Pathe Weekly.

Tomorrow, "The Fourth Estate," a Fox production, and a Vitagraph comedy.
